

# Town Spotlight

Issue 1  
2016

## A Message from Mayor John M. Kramer

It's a snowy day in February as I write my first address to you as Mayor of Old Tappan. I hope that when this Newsletter reaches your home, the winter weather will be far behind us.

First, thank you for electing me your

mayor; I deem it a great honor and privilege. My history of service to Old Tappan exemplifies my passion for the community and I will do my best to continue to serve you to the best of my ability in this new position.

It is with great pleasure that I welcome Thomas Gallagher to a seat on the council. Tom, nearly a lifelong resident of the community, brings to the council a history of service, a business background, and a great level of common sense. Tom joins a group of well seasoned council members who are truly dedicated to the town.

During the months of January and February, the governing body has been hard at work crafting the 2016 municipal budget. I assure you that we have all worked towards providing the best of services that you are accustomed to while being ever mindful of the impact that municipal taxes have upon all of us.

Our road repaving program will continue this year. This much needed improvement to our infrastructure is quite costly and the improvements will continue over the next several years as our budget will allow.

## Congratulations to our newly elected Mayor John M. Kramer

Motor vehicle accidents at the intersection of Orangeburg Road and Old Tappan Road continue to occur and are of great concern to us. These two streets are the responsibility of the County of Bergen. We will redouble our efforts to implore the county to carry out its commitment to improve this intersection by installing a traffic light.

New Jersey State Supreme Court has determined that every community has a responsibility to provide an opportunity to develop affordable housing. Please see the special section regarding an update on the "Council On Affordable Housing" rules which are presently before the courts.

I encourage you to come out and enjoy the concerts in the park on Wednesday evenings. Some great bands have been scheduled and it's a fun night for folks of all ages. It brings great enjoyment to me to see the children having a fun night in the park while the adults and seniors enjoy the music. Some even are up dancing. Come. Enjoy.

I hope that you enjoy this Newsletter. We welcome your comments and suggestions as to what additions we may make to it. Finally, I wish you good health, happiness, and a safe and enjoyable spring and summer.

## A MESSAGE FROM THE DEPARTMENT OF PUBLIC WORKS...

### BRANCH CHIPPING

The DPW will begin chipping branches that residents have trimmed from their trees on April 13th (if you hire someone to do trimming they are responsible to dispose of the debris). We will do the west side of town (Central Ave. to River Vale) On the 1st & 3rd Wednesdays, and the east side of town (Central Ave. to the state line including Central) on the 2nd & 4th Wednesdays, weather permitting.

You must call 201-664-4438 to advise the DPW that you have put branches out. Please stack branches at the curb with the cut ends facing out, maximum 4 inch diameter, do not place them in the street and do not block the sidewalk. If you have a sidewalk in front of your house you may place them behind the sidewalk.

### WOOD MULCH & LEAF COMPOST

The department will begin accepting orders for wood mulch and leaf compost on April 18th (forms available at the Borough Hall) and deliveries will begin after May 1st. Please be reminded that this is a courtesy service and other priorities take precedence.

### RECYCLING CENTER

The recycling center located at the Public Works Garage on Russell Avenue is open Monday thru Friday, 7:00 am until 3:00 pm, and from 9:00 am until 1:00 pm on Saturdays (except holidays). Please bring only those items designated for recycling and place them in the appropriate designated container, please do not place plastic bags in with your items. ## ENVIRONMENTAL COMMISSION ...

**We re-certified!** Congratulations OT Green Team! Thanks to your leadership and initiative, Old Tappan has been re-certified by *Sustainable Jersey* for another three years. Many thanks and appreciation to Lloyd Aanonsen, Mike Alessi, David Keil, Barbara DiTrollo, Bill Howe, Melanie Rie and Ashley Koo.

**Eco-Lectures Continue...** The Eco-Lecture Series continues February 9 at the Old Tappan Library. If you missed our earlier presentations by guest lecturers on Genetically Modified Organisms, Bottled Water vs. Tap Water, Green and Sustainable Products....then don't miss this one: Hydraulic Fracturing or "Fracking" by Associate Professor of Science, Rockland Community College, Elyse Fuller. Presentation will begin at 7pm. All are welcome. And on Thursday March 5 at 7pm, Nancy Slowick, Research Associate at Bard College, will present a lecture on Invasive Species. Look for announcements on the Community Bulletin Board.

**Did you know.....?** Old Tappan is now completely smoke-free. Last September, the Mayor & Council supported an Environmental Commission initiative and by ordinance established Old Tappan as completely smoke-free. Smoking is now prohibited on all Borough-owned properties. The Borough now joins over 250 NJ municipalities—41 in Bergen County--in going smoke-free. Breathe easy OT.

**Remember those Solar Panels...?** Installed on the roofs of Borough Hall, the fire house and the police department in 2010, solar panels have been steadily producing a surplus of sustainable energy. As of December 31, 2014, the panels have produced enough clean-green power with the energy equivalency of 28,000 gallons of gasoline and 350,000 Kilowatts. In the process, they have saved over 6,000 trees and reduced the Borough's carbon footprint by 250 tons. They also produced economically with the sale of solar renewable energy certificates. While the Borough continues reduces its carbon footprint, find out how to reduce yours. For tips, visit [www.CO2now.org](http://www.CO2now.org).

**New Members Wanted...** Ok.....you see what we're doing, but we have a long way to go and much to accomplish. We could use your help. Come join us—share your ideas. We need to fill vacancies on the Green Team and the Environmental Commission. **Who better than you?** For more information contact Pat O'Brien at the Borough Hall or at [pobrien@oldtappan.net](mailto:pobrien@oldtappan.net).

## BOARD OF HEALTH PROVIDES INFORMATION ON ZIKA

In the past few months, there has been much publicity about Zika appearing in the news. While the situation regarding Zika illness is evolving, there are some things we know for sure.

Zika is a viral infection that is spread by the bite of an infected mosquito. The mosquito that transmits Zika is called *Aedes aegypti*. It is the same mosquito that transmits the virus for Dengue fever and Chikungunya. Outbreaks typically occur in tropical Africa and southeast Asia. In May 2015, Brazil reported the first outbreak of Zika in the Americas. Zika is now present in tropical areas. Locally transmitted cases of Zika have not been identified in the United States, although

the potential for local transmission exists as *Aedes* mosquitoes are present in many states. In late December, the New Jersey Department of Health identified New Jersey's first laboratory-confirmed case of Zika in a Bergen County woman who was exposed while in Columbia.

The most common symptoms of Zika virus disease are fever, rash, joint pain, and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting from several days to a week. Severe disease requiring hospitalization is uncommon. The CDC has issued a travel alert for people traveling to regions and certain countries where Zika virus transmission is ongoing. Until more is known and out of an abundance of caution, the CDC recommends special precautions for pregnant women and women trying to become pregnant.

With the warmer weather coming, the Board of Health strongly advises that it is important to protect yourself, your family, and community from mosquitoes. This includes:

- Eliminating standing water in and around your home. **Once a week** empty and scrub, turn over, cover, or throw out items that hold water, such as tires, buckets, planters, toys, pools, birdbaths, flowerpots, or trash containers.
- Tightly cover storage containers (buckets, cisterns, rain barrels) so that mosquitoes cannot get inside to lay eggs.
- For containers without lids, use wire mesh with holes smaller than an adult mosquito.
- If you have a septic tank, repair cracks or gaps and cover open vent or plumbing pipes.
- Keep mosquitoes out of your home by using screens on windows and doors, repair holes in screens and use air conditioning when available.
- Prevent mosquito bites by using an Environmental Protection Agency (EPA)-registered insect repellent containing DEET, picaridin or IR3535. **Always** use as directed. If you are also using sunscreen, apply sunscreen first and insect repellent second.
- Cover exposed skin by wearing long-sleeved shirts and long pants.
- Use permethrin-treated clothing and gear (such as boots, pants, socks and tents). You can purchase pre-treated clothing and gear or treat them yourself. If treating items yourself, follow the product instructions carefully.

## THE OLD TAPPAN POLICE DEPARTMENT...

The OTPD extends a Happy New Year to all residents for 2016. Thus far the winter season has not been too bad, but everyone still anxiously waits for spring to get started and the cold weather to fade. There are a few more weeks of winter remaining and resident's assistance regarding snow removal is very much appreciated by all of your emergency services. Clearing driveways and sidewalks of snow, ice and other debris enhance our ability to help residents in their time of need. Also, please remember to remove snow and ice from all vehicles before traveling upon the roadways. The OTPD would like to remind all motorists to exercise caution in and around the area of our schools especially during the time of opening, and the dismissal of students. Please be aware of the presence of our School Crossing Guards and their very important role for keeping students safe.

Daylight savings time provides the opportunity for longer periods outside, and various types of outdoor activities begin to take place. The Old Tappan business districts, school fields, parks and recreational facilities become busy places. The OTPD would like to remind everyone using and traveling in the area of these facilities to exercise caution and be safe. Please be aware of pedestrians walking in parking lots and crossing the streets leading to these business and recreational areas. Drivers are encouraged to reduce their speed in and around the properties used for these purposes. Complaints of speeding vehicles and distracted driving appear to be the most frequent violations reported around the residential streets of our community. In many instances, the drivers are our own neighbors. Kindly make every effort to comply with the 25MPH speed limit and parking regulations in all residential areas, and reduce your speed especially near our schools, and recreational areas.

Residents are reminded that Borough Ordinance 242-2D prohibiting overnight parking from 2 am to 6 am is not in effect from April 1<sup>st</sup> to November 15<sup>th</sup> and overnight parking on residential streets is permitted unless otherwise posted.

The OTPD will be holding a Bicycle Safety Day on Saturday, June 4, 2016 (rain date June 5) from 2-4. Officer Katie Weaver may be contacted for more information regarding the Bicycle Rodeo as the time draws near. Also, the OTPD is looking to schedule the first "Blue Connects with You" Hands free Cell Phone Safety Initiative to reduce distracted driving and promote safety. Sgt. Brett Terjanian may be contacted for more information regarding this safety initiative. The tentative date for Blue Connects with You is April 16, 2016, 10:00 am – 2:00 pm at OTPD Headquarters.

The Prom and Graduation time of year is rapidly approaching. Parents and residents are reminded that underage drinking is against the law. State Law and Borough Ordinance prohibit underage alcohol consumption on public and private property. Liability issues should be seriously considered by property owners and residents with regard to allowing the underage consumption of alcoholic beverages within their homes. Also, it is unlawful in the State of New Jersey to use or possess fireworks without being licensed to do so. The Old Tappan Police Department wishes all residents to have a safe and healthy summer, and encourages our residents to be alert with regard to the safety of our community. Please join with us in making Old Tappan a safer and secure place to live. The OTPD appreciates everyone's assistance in helping us, help you.

*Respectfully, Chief Thomas M. Shine*

## OLD TAPPAN F.D.

Warmer weather is upon us, and with the nicer weather we will all begin to do more outdoor household activities such as yard work, cleaning, painting, etc., many of the products we use for these activities are flammable and you need to be aware that all fuels, solvents, cleaning agents, thinners, adhesives, paints, and other raw materials – can ignite or explode if stored improperly. The vapors can easily ignite from high temperatures or a weak ignition source, even a spark of static electricity. Never store flammable liquids near a heating source or inside a home but, instead outside or in a shed in a cooler ventilated area, and in approved containers.

Naturally, with the nicer weather comes barbecuing. Although they are typically pretty safe we actually get a fair amount of calls for barbeque fires, and sometimes house fires start because of improperly placed barbeques. To insure that doesn't happen, here are some suggestions; as part of regular maintenance, clean and degrease all removable parts to avoid flare ups or grease fires (inside and out) with soapy water and allow to dry thoroughly before trying to ignite or use the barbeque. When you first start your grill up spray the tubing and connections with soapy water to check for potential leaks; watch if bubbles form when you open the gas shutoff or burner valves, if they do turn the gas off and have the fittings or lines tightened or repaired before using the grill again.

If you are "old school" and prefer to use an open charcoal or a wood grill please be especially careful while lighting, cooking and after using the grill regarding its location near structures and flammable surfaces as the open flame, embers or coals could cause a fire to start easier than a modern covered gas grill. Always use barbecues away from your home, deck rails, tablecloths, and tree limbs. Always use barbecues outdoors, never indoors (including garages).

Please remember to check or change the batteries in your smoke and CO detectors and replace defective or non-working units with the new and improved units now available.

As always, if any resident of Old Tappan is interested in becoming a member of our department please stop by any Monday night around 7:30 PM, leave a message at 201-666-0970, or e-mail us at [otvfd@hotmail.com](mailto:otvfd@hotmail.com). Have a safe and happy spring and summer.

*Respectfully submitted, Fire Chief Frank Mazza*

**UPDATE...** The New Jersey State Supreme Court had determined that every community has a responsibility to provide an opportunity to develop affordable housing.

Old Tappan has aggressively and proactively identified its fair share to the State Council on Affordable Housing. We have met our Prior Round obligations and are currently engaged in Third Round discussions as the original Third Round agreements throughout the State have been discarded by the courts and are being revisited at this time. You may have seen stories in the paper and the entire process is very much up in the air. The Borough believes it has met, and in fact exceeded its requirements, despite the developed nature of Old Tappan and the environmental features we have throughout the Borough.

Working together to protect the Borough while addressing our constitutional obligation are the Mayor and Council, Planning Board, Borough Attorney, and Borough Planner, Burgis Associates. Old Tappan has filed documents with the court, including its Third Round Housing Plan, explaining the position of the Borough and identifying its COAH requirement, which is based on the realistic development potential of the Borough.

Under current rules our application is filed with the Superior Court. The Judge assigned to hear our plan and other plans from our area is Judge Menalaos Toskos of the Superior Court of the State of New Jersey. Judge Toskos has assigned a Master to act on behalf of the courts to collect information and advise the Court. The Master is Francis Banisch III, a member of the American Institute of Certified Planners and well respected within the planning profession. The Borough filed with Judge Toskos and met with Mr. Banisch. During his tour of the Borough, Mr. Banisch was able to see firsthand the available land and how Old Tappan has addressed its Prior Round obligations. It was a very instructive and interesting day.

COAH will not be going away. Old Tappan is confident it is doing all it should be to meet the state's mandate regarding affordable housing. Old Tappan is also investigating ways to meet future needs in a way that will impact the Borough in as positive a direction as it can, providing meaningful housing opportunities, serving those who need it most, developing housing that would make every resident proud of the participation in developing housing for those who need it most.

COAH is very fluid at this time. We will do our best to keep you advised as we move forward.

## BOROUGH TO HOST ANNUAL TOWN-WIDE GARAGE SALE

The Borough of Old Tappan will again be hosting their annual town-wide garage sale the weekend of Friday, June 10th. This Garage Sale gives borough residents the opportunity to part with yesterday's treasures and find today's bargains.

Maps will be available online and for pick-up at the Borough Hall on Thursday through Friday, at Butterworth's Bagels at Bi-State Plaza and at Stokes Farms on DeWolf Road throughout the weekend.

## OLD TAPPAN CAN BE PROUD...

Monday, January 11, 2016

Ms. Donna Geitz  
Social Services Director  
Old Tappan Local Assistance Board  
Borough Hall  
227 Old Tappan Road  
Old Tappan, NJ 07675

Dear Donna,

RE: 2015 Holiday Season

Thank you so much for everything you have done and continue to do to help my family through a very difficult time of financial and emotional hardship. What you have done for my children and me is bring joy and happiness to a family that is suffering every day to try and survive and bring some element of peace to a tumultuous situation. I wanted to write this letter because saying "thank you" is overused and doesn't, in and of itself, express just how important your services have been to us. For my family, you and your department have made the difference between surviving and living

Due to your passion and commitment to the families that you serve, this past holiday season, which is usually the epitome of stress and depression, had become one of the very best holiday seasons the children and I have ever had. This past Christmas, the generosity of the community's support to your Board and the dedication and constant and consistent hard work that you put into giving to your families for the holiday was beyond compare and has provided us with so much peace and joy. There was so much thought that was put into giving us something fun, extremely useful and personal.

Thank you to Donna Geitz, and to the Old Tappan Local Assistance Board, and to all the people and businesses who contributed to the families in need for a happy holiday season.

A Grateful Local Resident

**Monday, May, 30th.** The Parade will step off from the back of Northern Valley Old Tappan High School promptly at 9:30 am. The parade ends with the participating organizations assembling in front of the memorials in Oakes Park on Central Avenue. The Memorial Ceremony includes parading the colors, the National Anthem, the Invocation, address by the Mayor, placing wreaths at the Memorial, the rifle salute and taps.
